EDUCATION

Stony Brook University

Bachelor of Science in Computer Science

Stony Brook, NY

Expected May 2026

- **GPA:** 3.89/4.00
- **Relevant Coursework:** Data Structure and Algorithms, System Fundamentals, Websecurity, Software Development, Object Oriented Programming

EXPERIENCE

Undergraduate Teaching Assistant

Stony Brook University

August 2024 – December 2024

Stony Brook, NY

- Delivering weekly recitations to 30+ students in system level programming concepts in the C programming language, covering critical topics such as memory management, pointers, and computer architecture
- Facilitating office hours for 120+ students, assisting with code debugging, understanding of class materials, and exam preparation

PROJECTS

Fake Stackoverflow | *MongoDB, Express.js, React, Node.js*

January 2024 – May 2024

- Developed a Stack Overflow clone featuring full CRUD operations and an admin user interface for better control and moderation of content
- Implemented user authentication and session management using **express-session** and **bcrypt**, ensuring secure login and data protection
- Facilitated database interactions with **MongoDB** using the **Mongoose** library for efficient handling of user data, questions, and answers

Pantry Helper | *Firebase, Next.js, Tailwind CSS*

August 2024 – Present

- Developed a Pantry app allowing users to add, remove, and track ingredients, leveraging **Firebase** for real-time data synchronization and authentication
- Utilized **Next.js** for server-side rendering and dynamic routing, enhancing app performance
- Currently implementing an AI-powered recipe suggestion feature to provide users with meal ideas based on their pantry contents

Portfolio Website | *React, Tailwind CSS*

August 2024 – Present

- Created a personal portfolio website to showcase projects, skills, and professional accomplishments, using **React** for a dynamic and interactive user interface
- Styled the website with **Tailwind CSS** for a clean, modern aesthetic and responsive design
- Maintained a custom domain for the portfolio, ensuring a professional online presence

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript, HTML, CSS, OCaml

Frameworks/Technologies: React, Node.js, Express.js, MongoDB, Tailwind CSS, Firebase, Next.js

Developer Tools: Git, VS Code, Vim
